

Studia Universitatis "Vasile Goldia"
Seria Stiintele Vietii
(Life Sciences Series)
Volume 21, issue 3, Jul.-Sep. 2011

CONTENTS

- 463 Correlation between podocyte foot process effacement and proteinuria in human glomerular diseases**
Spânu S., Crăciun C., Spânu C., Gherman-Căprioară M.
- 469 Influence of the method of preparation on physicochemical characteristics of 1:1 simvastatin- β -cyclodextrin inclusion complex**
Budura E.A., Lupuleasa D., Aramă C., Nițulescu M., Hîrjău V.
- 479 Immunohistochemical expression of VEGF in hepatocellular carcinoma and surrounding liver tissue**
Basa N., Cornianu M., Lazăr E., Dema A., Tăban S., Lazăr D., Lăzureanu C., Faur A., Tudor A., Moș L., Pribac G.C.
- 487 Neuropathology of aging. Correlations with Alzheimer disease**
Riga S., Riga D., Ardelean A., Pribac G.C., Hermenean A., Motoc D., Schneider F.
- 499 The prognostic significance of c-ErbB-2 oncoprotein in lung carcinomas**
Grigoraș M., Lazăr E., Dema A., Cornianu M., Mureșan A., Lăzureanu C., Faur A.
- 507 Centrifugal ultrafiltration as tool for low abundance proteins isolation**
Lancrajan I., Ardelean D., Kogalniceanu S.
- 513 Exposure of HELA cells to low dose of single walled carbon nanotubes functionalized with single strand DNA induces no significant toxicity**
Mocan T., Iancu C., Stir A., Simon S., Biris A.R., Mocan L., Clichici S., Muresan A.
- 519 Light microscopy study on myofibril formation and mitotic potential in human myocardiocytes**
Marinaș I.D., Marinaș R., Mogoantă L.
- 525 Spinal anaesthesia versus general anaesthesia in the surgical microapproach of lumbar disc hernia**
Stoica M., Cernea D., Chiuțu L., Niculescu D., Purcaru F.
- 533 Experimental introduction of software in the forensic probation expertise methodology for the period of conception in children regarding fatherhood confirmation**
Precup C., Toth C., Ifrim M., Gyori Z., Popa C.
- 539 Comparative therapeutical study at the patients with polychistic ovaries**
Voicu M., Cristescu C., Drăgan L., Suciuc L., Voicu A., Bumbăcilă B.
- 547 Phytotherapy, an alternative in the treatment of rheumatic infections**
Munteanu M.F., Tuduțe P., Dărăban A.M., Pribac G.C.
- 551 Brand value versus the quality of phytoterapeutic products with antioxidant biocomponents from the green tea**
Udrescu L., Caunii A., Szabadai Z., Butnariu M.
- 557 Operational marketing of vegetal products having antioxidant biocomponents**
Caunii A., Pribac G., Butnariu M.
- 563 Vacuole formations identified in the cells of the foliar mesophyll of the young leaves of *Sedum telephium* ssp. maximum harvested from natural environment**
Ardelean M., Cachiță-Cosma D., Crăciun C.
- 573 Quality of Chestnut honey modified by thermal treatment**
Chiș A., Purcărea C.

- 581 **Initiation of *Begonia semperflorens* cv. 'Ambassador' White vitroculture from plant apex of zygote origin**
Gergely J.E., Cachiță-Cosma D.
- 587 **New methods to improve the bioeconomic and ecoeconomic impact by plant biotechnology**
Petruș-Vancea A.
- 593 **Induced in vitro co-culture between *Asparagus officinalis* L. phytoinocula and a saprophytic fungus**
Petruș-Vancea A., Cachiță-Cosma D., Turcuș V., Ipate I., Purcărea C.
- 599 **Effects of light of different wavelengths, produced by light-emitting diodes (leds), on the germination of seeds of *Pinus nigra* arn. and on the growth of the plantlets resulted from their embryos**
Matioc-Precup M.M., Cachiță-Cosma D.
- 607 **Salicylic acid involvement in salt stress alleviation in wheat (*Triticum aestivum* cv Crisana) seedlings**
Purcărea C., Cachiță-Cosma D.
- 615 **New plant communities in the baia mare depression belonging to the classes *Salicetea purpureae* moor 1958 and *Potamogetonetea pectinati* r. tx et prsg. 1942**
Bârlea G., Ardelean A., Marian M.
- 621 **Investigation of the chemical remediation of nitroaromatic compound contaminated soil**
Czira G., Dinya Z., Simon L., Demeter I., Hliva N., Máthé E., Lakatos G.
- 627 **Endemic plants from Romanian Carpathians. The fractal analysis**
Nicolescu A.C., Marin A.
- 631 **Diploidy indices in the plant associations from Natura 2000 site: Sighișoara-Târnava Mare**
Oroian S.
- 639 **The correlation of the accumulation of cold units with some physiological and biochemical processes in the floral buds in the cultivation of nectarines (*Prunus persica* var. *Nectarina*) in North-Western Romania**
Vicaș S.I., Laslo V.
- 647 **Composition of useful and harmful mobile fauna of corn crop from the surface Vlăsiei plain**
Costea G., Mărgărit G., Ciochia V.
- 653 **The influence of stand conditions created by intensive treatments on natural regeneration**
Adam I., Cadar N., Hernea C., Chisăliță I., Toader E.
- 659 **The natural reservations from Lapus County**
Ardelean A.
- 665 **Present aspects on environment protection and sustainable development on Dobrudja littoral zone**
Bavaru A., Bercu R., Bavaru E., Barbeș L.
- 675 **Instructions for authors**

COVER IMAGES

Upper-left image: Representative electron microscopy images from the studied patient groups, used for morphometric analysis of podocyte foot process effacement. Well preserved foot processes; F, 46 yr, Thin basement membrane nephropathyasymptomatic proteinuria and hematuria (p. 465, fig. 1A)

Bottom-left image: Lung adenocarcinoma with intense c-erbB-2 expression. ABC x 200 (p. 503, fig. 1b)

Right image: Anti-PCNA staining reveals decreasing nuclear mitotic capacity. Between 15th and 17th weeks there is a sudden drop in PCNA staining. (p. 522, fig. 2)
