

Studia Universitatis "Vasile Goldis"
Seria Stiintele Vietii
(Life Sciences Series)
Volume 22, issue 2, Apr.-Jun. 2012

CONTENTS

- | | |
|---|--|
| 149 Correlation between malocclusion – oral habits – and socio-economic factors
Daragiu D.E., Ghergic D.L. | 203 Market research products fortified with iron by adding components biovegetal
Butnariu M., Caunii A., Patrutescu C., Pribac G.C. |
| 155 Macromycetes species included in the Bern convention appendix I in the red list in Romania and the rare presence in the historical Maramures county
Béres M. | 209 A study regarding the hydrological features of the Tur valley
Faur C. |
| 167 Flow cytometric analysis of human chondrocytes cultured in a new medium for autologous therapie and tissue engineering cartilage
Bratosin D., Gheorghe A.M., Rugina A., Mos L., Efimov N., Iordachel C., Sidoroff M., Estaquier J. | 217 The metal uptake of plants on the landfill sites in Bereg county
Halasz J.I., Balázsy S., Kolesnyk A., Krausz E. |
| 175 Aspects on isolation and identification of <i>Microsporum canis</i> strains found in dermatozoonosis
Buruiana A., Ardelean A. | 225 Evaluation of risk factors involved in intrauterin growth restriction
Sbârcea A., Răcă N. |
| 179 Evaluation of nutritive value in some plants that contain allelopathic compounds of Banat region (Western Romania)
Bostan C., Moisuc A., Butnariu M. | 235 Matrix tablets with metoprolol salts based on natural hydrophilic colloids such as alginates, carraggen and xanthan gum
Daas M., Toderescu C., Olaru I., Lupuleasa D. |
| 185 Morphogenesis in the culinary, apical and foliar minicuttings, of <i>Sedum telephium</i> ssp. maximum L. in vitro on Murashige - Skoog (1962) medium culture with different growth regulators added
Ardelean M., Cachiță-Cosma D. | 241 Park in Novi Knezevac - natural and cultural heritage of Serbia
Popovic M. |
| 193 The germination and growth of <i>Brassica oleracea</i> L. var. capitata f. rubra plantlets under the influence of colored light of different provenance
Matioc-Precup M.M., Cachiță-Cosma D. | 247 Potential effects of pharmaceuticals and their residues in aquatic environment
Sándor Z.J., Papp Z.G., Kosáros T.J., Hegedűs R., Csengeri I. |
| | 257 The legal background pertaining to the installation and operation of constructed wetlands in Hungary
Tordas E., Lakatos G. |

- 265 **Study of the chromium, cadmium, copper, zinc contents of soil and dominant plant species in the floodplain of Upper-Tisza Area**
Tóth M.D., Balázsy S., Terek O., Patsula O., Halász J.L., Simon L., Koncz J., Anton A.
- 275 **The light microscopic immunodetection of Galanin (Gal) intrinsic innervation in the spleen of the grass-snake, *Natrix N. natrix***
Trandaburu I., Trandaburu T.
- 281 **Considerations regarding the nature reserves in the Natural Depression of Maramures and their environmental importance**
Vasilescu I.
- 291 **Negative antropic effects threatening the biodiversity of the protected dendrological park of Sacueni-Bihor**
Wilhelm A.S.
- 297 **Endothelial dysfunction is associated with visfatin and oxidative stress in hemodialysis patients**
Orasan R.A., Racasan S., Awon R., Patiu I.M., Kacso I., Moldovan D., Samasca G., Daicoviciu D., Muresan A., Gherman Caprioara M.
- 307 **Instructions for authors**

COVER IMAGES

Upper-left image: Galanin immunoreactive nerve fibers distributed in the spleens of the grass-snakes. To note also the presence of autonomic ganglia (arrowheads), x82 (fig. 6, p. 277)

Bottom-left image: Microscopic appearance of *M. canis* macroconidia sharp at both ends, echinulate, CD34 immunostaining (fig. 4, p. 176)

Right image: Positive hair perforation test for atypical strain of *M. canis* (fig. 10, p. 178)
